VICTORY School of Ministry

3-Year Program

Year 1: PASSION

Passionate men and women of the Bible changed the course of history. Dig deep and discover what fueled and motivated them to be world changers. Understand the pivotal role passion plays in your life.

Year 2: LEAD

Leadership isn't about having a title. It's an opportunity to influence those around you. Learn Biblical truths and develop the skills that make you effective in leading others for Christ.

Year 3: TRANSFORM

The power to transform culture comes from the Holy Spirit. Period. God is on the move mobilizing a people who will impact generations. Seize the opportunity. The time is now.

Class Structure

This is not your average lecture-based class. VSM classes will be fun and engaging. They will cause you to look at Biblical and contemporary people and events in a new way. You will connect with your peers in small group discussions and have time for questions. There will be a small amount of "at home" work for you to complete in-between classes. This work will guide you in applying the principles learned to everyday life.

VICTORY School of Ministry Technology FAQ's

What type of technology will I need?

- Access to WiFi
- A device with the ability to run G Suite applications (such as Gmail, Docs, Drive, etc.)
- We highly recommend that you do not rely solely on a cell phone. You will not need a device for class, but will need to be able to use your device for homework.

Will I receive a Victory School of Ministry email?

Yes! All current students will be receiving an @Victory.org email with access to Drive, Docs, etc.

Will I need to learn new technology?

Possibly, yes.

- Victory School of Ministry will be utilizing Google tools, such as Google Classroom as a way to communicate information as well as to assign and collect assignments. (Don't worry- help will be available for those who need it.)
- We will also be utilizing TeacherEase and WePay as an SIS (Student Information System). You will be able to securely pay your tuition this way and we will manage data through this system.
